SO.....the best I can do for the 1st billing is to include DOJ costs from 4/25/11 thru 12/31/11 (see email chain below). Do you want me to go ahead and issue a billing with the DOJ costs for now?

Carol, unfortunately regardless of the end date you request, cost will only go through 12/31/11.

So - to clarify.....the FY11 costs start on 4/25/11 and end 9/30/11....correct?

How soon will you be able to provide me with costs from 10/1/11 through 3/31/11?

Thanks in advance.

Val - thanks for your quick turnaround, but I need to verify the time frame of these costs. Specifically, I need costs from 3/23/11 through 3/31/12.

The timeframe is for a billing to be issued under a Unilateral Order (from the effective date of the order through the first year of costs).

I know you have some reporting constraints. If not possible to start with 3/23/11, please start with 4/1/11 and report out costs through 3/31/12. Please let me know how soon you would be able to provide the costs through 3/31/12.

Thanks, Vol!
